Executive Director's Report

Rev. Sally Bowersox

2013 has been an exciting year of growth for St. Benedict Health and Healing Ministry (SBHHM).

While financial challenges continue and the need for health care services is on the rise, the dedication and commitment of our volunteers and Board of Directors is strong. In the strength and dedication of one another, we have found abundance and have tried our best to pass this abundance on to each and every patient we see.

In February this year our 8th Annual Heart Art Fundraiser brought in over \$27,700! This set a record for SBHHM. Church contributions exceeded \$15,000 and our second Yoga

fundraiser at the Yoga Pod raised over \$760!

Early in February we expanded our Free Clinics to Longmont via the OUR Center. This partnership is strong and the need for health care in Longmont is great. To this end we hope to grow this clinic from twice per month to every week. Mid November was marked by the beginning of the Don Burt Community Care Program (DBCCP).

The DBCCP was created in memory of our past Board President, the Rev, Don Burt, who tragically passed away in June. The DBCCP partners with BOHO (Boulder Overflow for Homeless Outreach) to provide over the counter medications to those clients in need during their overnight stay at the Emergency Warming Centers.

In just six weeks of operation over 850 clients have been served! Two goals of this program are to decrease the spread of disease and afford the folks a good night's rest. Presently, SBHHM offers a Free Clinic every Thursday at Sister Carmen Community Center's Food Bank, the OUR

Center in Longmont and during the Sunday luncheons for the homeless at various church locations.

A gracious, anonymous donor has come forth which will enable SBHHM to develop the Medical Financial Assistance Program. This program will assist those in need with prescriptions, doctor visit copays, dental work and diabetic supplies. We hope to implement this program as a pilot in the first quarter of 2014.

The Board of Directors welcomed: Mr. Neil Borman, Treasurer, Ms. Linda Roan, Mr. Matt Beno and Dr. Eugene Chu, both from Boulder Community Hospital. We were sad to say good bye to those who retired from the Board: Ms. Carol Hewitt and Dr. Larry Burgess. We were all extremely saddened by the death of our recently retired Board member and past President, the Rev. Don Burt.

Several new volunteer health care professionals were welcomed to the SBHHM team: Carolyn Drews, Claudia Johnson, Beth Schmahl and Denise Walent.

A handwritten signature in black ink, appearing to read "Sally J. Bowers +".

*Behold, I will bring to them health and healing;
I will let my people see peace.

President's Annual Report 2013

Mr. Mark Biggers

This has been another wonderful year of growth and development for St Benedict Health and Healing Ministry. In addition to starting up a very successful free medical clinic at Longmont's OUR Center, we have seen an increase of over 30 percent in the number of services provided at all clinics. Our free medical clinics continue to be the cornerstone of our service to Boulder County's medically underserved. Every time I attend one I am inspired by the wonderful, loving care provided by our volunteers to our patients.

To help meet the needs of one segment of the medically underserved, we initiated the startup of a new ministry named after Don Burt, a long time Board member and President, who passed away shortly after retiring from the Board in 2013. The Don Burt Community Care Program provides free over-the-counter medicines, medical supplies, and personal hygiene items to homeless individuals staying at BOHO's emergency warming centers. Since its start up on November 15th we have distributed items to over 850 guests. In the words of many of the guests, we have helped alleviate their pain and contributed to their having a better night's sleep.

SBHBM received a very generous donation to help launch a Medical Financial Assistance Program in 2014 that will allow us to provide financial assistance to some of our patients with prescription medicines, medical supplies, and copays for their doctor visits. The Board and Medical Volunteers are working through the details and hope to have the Program underway in the second quarter of 2014.

I would like to recognize and say thank you to the exceptional service of two long term Board members - Larry Burgess and Carol Hewitt, who retired in 2013. Both served exceptionally well in their terms - Larry as our Treasurer and financial guru and Carol as our Secretary. They will both be missed.

We welcome on new Board members Matt Beno, Neil Borman (Treasurer), Dr. Eugene Chu, Sandi Klatt, and Linda Roan (Secretary). They join our excellent group of experienced Board members - Dr. Julie Ansell (Medical Director), Bill Ashworth (Bishop's Representative), Sally Bowersox (Executive Director), Matt Kapinus, and Jay Millard.

Thank you to all of our donors, volunteers, and friends who have helped and continue to help SBHBM carry forward this much needed ministry. We could not carry out this ministry without you. Blessings to you for all the great work that you did in 2013 and for all the great work that you will do in 2014.

Medical Director's Annual Report 2013

Dr. Julie Ansell, MD

My first full year as medical director and a lot has happened in 2013 for St Benedict!

2013 saw St Benedict HHM continue to expand the number of services provided to our clients. We are seeing more clients at our established sites (Sister Carmen in Lafayette and Sunday lunch clinics in Boulder) plus starting a new lunch clinic at OUR Center in Longmont and our joint venture with BOHO- the Don Burt Community Care Program (DBCCP).

We have nurses, physicians, nurse practitioners, physical therapists, and foot care nurses attending the screening health clinics and non-medical volunteers for the DBCCP. We continue our efforts to reach out to local health care organizations and systems to improve communication in our continued goal of connecting more of our clients to a medical home. We have greatly appreciated the time donated by our volunteers, funds donated by our supporters, support of BOHO staff, and Boulder Community Hospital's donations in support of the DBCCP.

Dr. Julie Ansell: "We couldn't exist without our dedicated volunteers!"

As you can imagine, with new programs and new volunteers, we have had to step up our efforts to organize, standardize, and clarify our services, roles, and limitations. Site visits and close attention to the suggestions of our volunteers and clients are the focus for the upcoming months. We are continuing to improve on last year's efforts to accurately track the needs of our clients and the services we are providing.

New on the horizon for St Benedict HHM is a Medical Financial Assistance Program. Our clinical committee is investigating further ways we can help clients to break down the financial barriers to care via the MFAP (which we hope to have up and running the first quarter of 2014). Special thanks to Becky Fellows RN for all of her time and effort spear heading this new venture.

Similar to last year, we are off and running! I am looking forward to 2014 and continuing in our goal of caring for and making personal connections with our clients, of educating and helping them towards better health and well-being.

Treasurer's Annual Report 2013

Neil Borman

St. Benedict's Health and Healing Ministry ended 2013 with a slight cash deficit of \$3,652. Pledges from churches, which comprised 15.3 % of income exceeded those of 2012. Fundraising, including Heart Art, raised \$39,800. This was nearly \$4,200 greater than last year. However, Total Grants were \$ 8,300 below last year, \$49,900 (2013) vs. \$58,200 (2012).

The impact of expanding St. Benedict's clinical services was negligible except for the increase in insurance costs of \$2,000.

We will continue to seek increases in individual donations and church support as well as new grantees. The slow economic recovery coupled with the aftermath of the September flood will be a challenge for the foreseeable future.

2013 St. Benedict Health and Healing Board of Directors

Dr. Julie Ansell, Medical Director
