Executive Director's Report

Rev. Sally Bowersox

2014 proved to be another exciting year for St. Benedict Health and Healing Ministry (SBHHM). Our volunteers have been profoundly moved and honored to serve those adults in need of health care services.

Believe it or not, there are countless situations of tragedy and destitution amongst folks right here in Boulder County. As we have witnessed via our Free Clinics, the need for health care services has only increased and multiplied.

As well, financial challenges remain a constant reminder of the reality the majority of those we serve live with every day. In the strength and dedication of one another, we have found abundance and have tried our best to pass this abundance on to each and every patient we see.

In February this year our 9th Annual Heart Art Fundraiser welcomed over 200 guests for the evening, a record setter for this event! Church contributions exceeded \$19,000. Our third Yoga fundraiser at the Yoga Pod raised over \$760! And our new fundraiser, Decades Dance, had a great beginning raising over \$960!

Over the year we expanded our outreach in Longmont by continuing our Free Clinic every Thursday at the OUR Center. In addition, our new partnership with Longmont Community Health Network (LCHN) lead us to hire two paramedic volunteers who work with our nurses at clinic at the OUR Center, providing much needed community and health care liaison. SBHBM donated 10 diabetic kits to LCHN for distribution to diabetic patients in the Longmont community. We developed partnership with Hopelight Clinic in Longmont.

Our Don Burt Community Care Program grew by leaps and bounds, seeing over 3,200 individuals. Volunteers in this program hand out much needed OTC (over the counter) medications and basic health care supplies to folks staying at the Emergency Warming Centers BOHO (Boulder Overflow for Homeless Outreach) provides.

In addition to the agencies mentioned above, new partnership are being forged with Exempla Good Samaritan Hospital and Boulder Housing Partners.

The Board of Directors welcomed: Ms. Amy Paine, Secretary and Darren Conradson. We were sad to say good-bye to those who retired from the Board: Mr. Mark Biggers, President and Dr. Julie Ansell, Medical Director. We are excited to welcome Mr. Jay Millard as President, Ms. Sandi Klatt as Vice President and Dr. Eugene Chu, Medical Director.

Several new volunteers were welcomed to the SBHBM team: Dr. Jeska Albuisson, Dr. Drew Updike, Ms. Kari Wadell NP, Ms. Sara Russell RN, Ms. Emma Mancera, Mr. Todd Mc Laughlin, and Ms. Patt Anderson.

A handwritten signature in black ink, appearing to read "Sally + Bower +".

*Behold, I will bring to them health and healing;
I will let my people see peace.

President's Annual Report 2014

Mr. Jay Millard

It is my honor to serve as Board President. I am truly amazed by the remarkable people who have served on this board over the years. It is a funny thing about where you find many of these former board members today...still helping out St. Benedict Health and Healing Ministry in one way or another.

This transition from a formal role for these former board members to an informal role reinforces a key theme that makes SBHHM so special – the importance of our volunteers! I would like to recognize all of our volunteers both medical and non-medical, as we are only able to provide this great service to our community as a vital part in the continuum of care thanks to our volunteers.

My role has been made easier with special thanks to the support of past President, Mark Biggers, who has continued to be a great resource to me. Of course I get the chance to pick his brain every Thursday morning at the Boulder Shelter for the Homeless where we cook meals together for the clientele. Mark has stayed active in SBHHM by leading the efforts of the Don Burt Foundation. Since November of 2013, the Don Burt Foundation has provided free over-the-counter medicines, medical supplies, and personal hygiene items to homeless individuals staying at BOHO's emergency warming centers.

I am excited to see the continued development of our relationship with Longmont's Our Center and the Longmont community. We are forging a strong partnership with Longmont. With the addition of Darren Conradson to our board, I see our role in Longmont continuing to grow as Darren is a true leader in the Longmont community. Darren currently works as a Community Paramedic for the City of Longmont, serving the uninsured/underinsured, assuring they get the care they need.

We continue to be honored by all who support SBHHM in so many different ways. I would especially like to thank the Yoga Pod and their owners Gerry and Nicole Weinholt. In addition to our annual Yoga fundraiser over Thanksgiving, this year we added a Decades Dance in October for a fun way we could raise money while still offering an entertaining and inexpensive night out. Of course the event DJ was Matt Kapinus from our Board and from the Yoga Pod (a.k.a. Mr. Gettdowne). The event was a great success!

We are continuing to work hard toward our goal:

To improve the physical, mental, and spiritual health of those people in our community who have need, but who lack access to health care resources and ultimately to help connect them to a medical home where they can receive the ongoing care they need.

We know that a key distinction for SBHHM is helping make sure people don't fall through the cracks.

Thank-you to all who volunteer, support, and donate to help this special group. We look forward to the continued good works we all will provide together in 2015!

Medical Director's Annual Report 2014

Eugene Chu, MD

In 2014, thanks to the skill, dedication and compassion of its wonderful volunteers, providers and staff, St. Benedict Health and Healing Ministry (SBHHM) continued to evolve its important and integrated role in the health care safety net of Boulder County.

One exciting new partnership was with the Longmont Community Health Network (LCHN) as part of a federally funded grant obtained by LCHN. Over the summer, SBHHM entered into a collaborative with the LCHN, the OUR Center and Hopelight clinic to provide coordinated services to the indigent in Longmont with a special focus on case management and the delivery of care at the point of habitation. To help meet the needs of this initiative, SBHHM expanded its services in the OUR center to a weekly clinic.

David – 61. “I have used clinic 3 or 4 times...always caring, competent with compassionate care.”

Meanwhile, our dedicated group of nurses, physicians, nurse practitioners, physical therapists and foot care nurses continue to staff clinics providing diabetes care, blood pressure management, foot and wound care, health education, pastoral visits and care coordination in clinics throughout Boulder County. SBHHM continues to work closely with St. John’s Episcopal Church, Trinity Lutheran Church, First Congregational Church and the Sister Carmen Community Center by providing health care services in parallel to the compassionate care programs already in place in each organization.

In appreciation of the good work of the volunteers staffing SBHHM’s clinic at Sister Carmen Community Center, SBHHM was recognized as the “Community Partner of the Year” by

Sister Carmen’s this past summer.

SBHHM also continues the Don Burt Community Care Program in a joint venture with BOHO. SBHHM’s non-medical volunteers provide much needed over the counter medications (aspirin, Tylenol, Motrin, antacids...) and daily comfort essentials (hand lotion, Q-tips...) to the homeless in Boulder County who access the emergency warming shelters during the winter months.

And not to be forgotten, St. Benedict Health and Healing Ministry developed and deployed an Ebola preparedness program to ensure proper and safe triage of patients with symptoms and risk factors for the virus.

It is an honor to be part of St. Benedict Health and Healing Ministry and we look forward to continuing to provide health care services to the underserved in Boulder County with our many partnering organizations.

Treasurer's Annual Report 2014

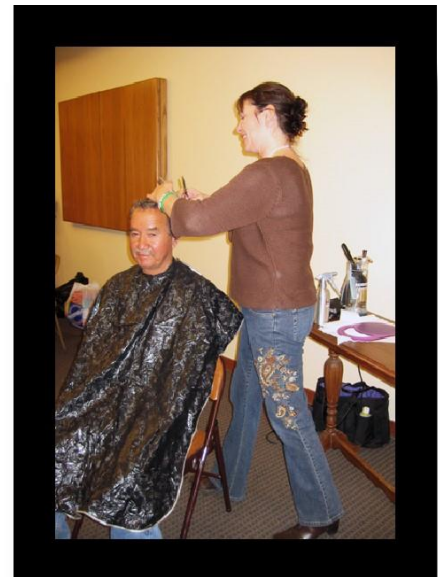

Neil Borman

St. Benedict Health and Healing Ministry ended the year with a \$15,148 surplus. Two factors were major in generating the surplus: 1) we were mindful of expenses and 2) our grantors, both churches and philanthropic organizations, expressed their support through larger contributions. Specifically, congregations increased their support by \$3,000 and grants increased by \$11,000 (rounded figures). Our major fundraiser, Heart Art, provided a couple hundred dollars less than in 2013.

To capitalize on philanthropic support we completed IRS FORM 990 EZ. We expect to be more competitive for receiving support as many philanthropic organizations require this form to be considered for a grant. The ministry also formalized a Cash Reserve, another item potential grantors consider in their grant application evaluation.

Our medical supply expenses increased slightly, though still within budget. Ebola guidelines were developed and PPE (Personal Protective Equipment) was donated by BCH for all clinical sites. The medical supply expenses increased slightly due to the increase in clinics per month.

Our greatest assets are our volunteers, be they in the clinics or the office.
